NEWSLETTER OF THE ADELAIDE UNIVERSITY GLIDING CLUB INC.  
REGISTERED BY AUSTRALIA POST. PUBLICATION No. SBH 1918.

NEWS AND NOTES

The Newsletter has been delayed due to the August camp and several publication difficulties not entirely attributable to the editor.

The new calendar is in this Newsletter but no information is included for those who did not attend the last meeting. Please send a note to Dene Larwood advising your flying days.

The Bergfalke (GZM) is flying again but with another release as the original was misplaced during the repairs (it has since been found - ed.). A complete paint job is still needed to bring it up to condition.

The Rocian (KYW) is due for a C of A in January. A hole in the underside of the fuselage (landing on stony ground?) has yet to be repaired.

Unhappily the Ka-6 (GNE) was not repaired on the C of A course and has yet to be done. At present work on it is proceeding at Cleve's workshop in Woodville Park. See Redmond if you can help.

The Kadina boys, Bert Heath and Kevin Frost, have completed building and fitting the new drums strong enough to take the strain. After much rapid organisation on the part of Andrew Sawyer Bert and Kevin also fitted a new automatic gear-box to replace the failed one.

Bob McDonald wants us to avoid creating tracks on the field as they bring trouble at ploughing time. Use only the established fence-side track from the gate to the hangar and change the tow route for aircraft so that no track is established from the hangar to the gate-end launch point. The old tracks have recently been ploughed up.

Fire risk will be early this year so keep equipment on call and a good watch.

## LOST AND FOUND

During the repairs to the Ka-6 many pieces of equipment and lots of tools moved in and out of Boroky's cellar. In the confusion some have been misplaced. Neil Boroky is now missing a small ply cutting saw and a yellow-handled knife. If you have seen either of these and wondered where they came from now you know. Could you please return them.

- . In club activities lots of tools, ropes, etc., change hands quite accidentally. If you have lost some tools or have gained a few extra please advertise in the Newsletter

## NEXT NEWSLETTER

The next Newsletter will be out within the next two weeks. Articles please.
