Personals

Adrienne Walker was rewarded with an award for being the best Metallurgy student at the University of South Australia Dhar Bholanat and John Marley have had their first solo flights in the last month Klaus Hafer had his first solo with the club. Klaus has previous experience flying a single seater K 8 at home in Germany Greg Newbold converted to the Libelle. This is the aircraft you have seen on the Barr-Smith lawns during O'Week and ReO'Week Doug Sheilds has returned after a trip to northern NSW and Queensland visiting family. Welcome back Rodger Pirola, Klaus Hafer, Dhar Bholanat, John Marley, Hamish Marley and David Marley must all be due to convert to the Arrow as soon as it gets back in the air Simon Hackett bought himself a Motor-Falke. This is basically a Bergfalke with a motor where the front seat used to be and more space between the wings to cram two people in (It's been done with a Bocian too) The Arrow is feeling lonely and on the verge of placing an add in a newspaper personals column. More seriously it is actually progressing and the fabricating has nearly finished. Painting is next and that is followed by all those niggling little problems putting the whole thing back together

YOU WILL BE (QUITE LITERALLY)

SHOT

IF YOU DRIVE ON THE CROP AT THE AIRFIELD.
KEEP TO MARKED TRACK AND STRIPS

Up And Coming Events

Cross-Country Course

All the instructors will probably collaborate and deliver a Cross Country course at 7:30pm on Wednesday the 7th September. The meeting place will be in the Don Stranks room which is right next to the other rooms we have been using previously on Level 5 of the Union Building. This will cover prepreparation, thermalling techniques, basic navigating and other material. It is a requirement (I think) that pilots attend a cross country course before being awarded a C certificate and being allowed to fly cross-country solo.

Quiz Night

Scott is planning a Quiz Night. Peter Cassidy has been asked to set the questions. Both of them will probably take bribes. It's gonna' be on Monday the 19th of September, at 7:30pm, in the Union building. Cost will be about \$5 per head with 4 people per team. Don't wait. Call Scott now and book your table.

Flying Camp

Rodger Pirola is planning a flying camp during the mid-semester break. At the moment this is planned for Monday the 19th until Wednesday 22nd September. If there is sufficient interest then it can always be extended over the whole week. Please call Rodger on 373 5765 to ensure that arrangements can be made for your flying. This is a great opportunity for new members to get a lot of flying experience fast. Remember the club house has beds, food, bathrooms etc. etc. if you didn't already know.

So You Want To Fly This Weekend?

Normally you would give Scott a call on thursday night between 8pm and 10pm. But now it's really important that you call as early as possible because Scott is playing lacrosse at 8:30pm for a few weeks, so he might not be home later on at night. His phone might also be redirected to an other number, so please still try to contact the club on his number. If you are free on a thursday night and can act as contact person, ring Scott before he leaves on the night and he will redirect his phone to your place, all's you have to do is answer the phone.

DON'T MISS OUT
CALL 293 7227 ON THURSDAYS

If you want a lift we can pick you up on Saturday or Sunday mornings, bright and early from the University footbridge (on Victoria Pde.) at 7am, or from the Caltex service station at Bolivar (on Port Wakefield Rd., just past the White Horse Inn) at the ever so slightly more respectable 7:30am.
