G L I D I N G I S A W E I R D S P O R T .....

In which other game, do you spend all day chasing landing gliders down the strip, haul them back, only to have someone else go off for a jaunt.

Don't let anyone fool you, it IS a team sport. This ops. bulletin is intended to keep you informed, as a part of the team interested in flying.

Please consider your membership in Uni Gliding as part of a syndicate. We all contribute mainly TIME to the group to keep it operating. The more we contribute, the more flying is achieved, and consequently the lower the flying rate have to be to cover running expenses. The cheaper the flying gets.

The club has endorsed a policy at the last two member meetings that those members most active in the club, should have priority in the equipment.

It is unfair to expect persons involved in administration, or who committ a whole day to involve themselves in the operations, and thereby effectively subsidize those members who want the cheap flying, but can't make available the time to share the effor

Des will administrate an offer agreed to by the July meeting.

That members working on the new winch be compensated by being given free flying time .

CAN'T GET TO LOCHIEL FOR A WHOLE DAY ?

A proposal was put to the July meeting, to attempt to bridge the anomoly of the Time cost of cheap flying, and the fact that some members can't make that amount of time available.

The proposal below was accepted for a trial period -
It is NOT intended to encourage flying by persons coming only on the afternoon they've nothing else on.

BOOKING THE GLIDER -

Members can book a glider for the weekend, during the preceding week, by ringing Emilis on 339 2381.

The time booked is a maximum of one hour, and is charged at a flat $10, which includes booking fee, all flying time and all launches taken during the hour.

To confirm the booking, the fee is paid in the Sports Association BEFORE the weekend.

The booking is void, if the fee is not paid before the weekend, or the pilot does not arrive on time to claim the glider. However, the pilot is not required to participate on field at any other time of the day.

Bookings are accepted at Emilis' discretion; taking into account if 4 other pilots are on the list for the day, or the glider is required for cross country flying.
