Sat 9 Flying at Lochiel Inst. Tom Nemeth

Sun 10 Flying at Lochiel Inst. Mark Foster

The official visit and special meeting are about air safety. Our Club has been plagued with a series of incidents and accidents which concern the authorities responsible for the management of gliding in Australia - G.F.A. (The Gliding Federation of Australia).

* All members must attend either the day at Lochiel on the 25th or the meeting on the 6th.

Mike Valentine is National Coach. In that position he is responsible for all training and certification of pilots throughout Australia. He used to be G.F.A. secretary and ex. Rawler ex. R.A.F. etc. He knows what gliding is about. The aim of his visit is to see what he can do, by advice and action, to improve our situation. Mike lives in Melbourne.

Philip Beale is RTO Ops i.e. Regional Technical Officer - Operations. He is responsible for all gliding operations in this State. Philip's primary concern is air safety, but he also deals with training at all levels. His contact with the Club is through the C.F.I. Philip has recently taken over from Harry Bache. He lives at Rawler.

Bronte Wood is RTO Air i.e. RTO Airworthiness. Anything to do with the maintenance or repair of aircraft comes into his area. His contact with the Club is through the Airworthiness Officer (Mark Forster). Bronte lives in Adelaide.

HELP needed! Don is building a shed at 1 Yandra Street, Vale Park (big enough to take a glider wing). If you are free anytime this weekend and don't mind helping please drop in. Anyone with electrical wiring or plumbing skills will be given red carpet treatment. Tel. 2614245
